

THE ULTIMATE FACTS - S.N. BOSE AND THE MISSED PHYSICS NOBEL PRIZE

RAJINDER SINGH*

The Nobel Prize is one of the most prestigious awards in the scientific as well as general community. The documents, such as, nomination letters, expert's and the Nobel Committee's reports obtained from the Royal Swedish Academy of Sciences, Stockholm are analyzed to understand - why Satyendra Nath Bose, the founder of Bose- or Bose-Einstein Statistics, did not receive the Physics Nobel Prize.
