

## BIBHA CHOWDHURI – FROM AN UNSUNG HEROINE TO A STAR IN HEAVEN

RAJINDER SINGH AND S.C. ROY

---

*Bibha Chowdhuri, the first woman high energy physicist of India remained unrecognized and unknown to the scientific community of India till the book “A Jewel Unearthed: Bibha Chowdhuri - The Story of an Indian Woman Scientist” was published in 2018. However, she received her recognition after about thirty years of her death when a star was named “Bibha” after her name. The present article intends to show the story of the naming of a star after her.*
